

Epicentre recruits a PROJECT COORDINATOR (M/F)

specializing in pediatrics and nutrition

Short-term contract based in Paris

Epicentre is a non-profit organization, created in 1986 by Médecins Sans Frontières (MSF), whose activities include research, field epidemiology and training. The Department of Research focuses primarily on new treatments, therapeutics, vaccines, diagnostics and delivery strategies.

Under the supervision of Epicentre's Director of Research, the Project Coordinator will:

- Lead routine calls and meetings with field staff to follow progress of ongoing studies
- Clean, organise and analyse data sets
- Write and revise research reports and peer review publication
- Maintain regular communications with Epicentre, MSF and relevant study partners

Candidate requirements

- At least Masters level degree in epidemiology or public health.
- At least 3 years' experience with community based management of acute malnutrition.
- At least 3 years' experience in developing countries is preferred.
- Relevant working experience with MSF and/or another NGO would be an advantage.
- Experience in conducting research projects in nutrition and pediatrics with publication in peer-reviewed journals.
- Fluent in French and English (mandatory).
- Excellent communication skills, both in speech and writing.
- Willing to travel, sometimes at short notice.

Conditions

This position is based in Paris and is expected to start November 2- 2017. This is a temporary position (6 months short-term contract - CDD). The salary will be commensurate with experience in line with the Epicentre salary scale (minimum gross annual salary range is 47168 Euros). Cost of health insurance 100% covered by Epicentre, luncheon vouchers.

Applications should be made online before September 25, 2017 by completing the form available at the following link: <http://epicentre.msf.org/en/job-opening>

Only short-listed candidates will be contacted.

For additional information, please contact Sheila Isanaka (sheila.isanaka@epicentre.msf.org) for details on specific post and Nathalie Guerineau (nathalie.guerineau@epicentre.msf.org) with questions related to any administrative aspect of the post.
